Dear Parents and Guardians,

The DEA Educational Foundation is thrilled to bring the DEAEF Youth Basketball Program to Taos this summer! The DEAEF Youth Program is a reputable after-school program running in over 60 cities and reaching thousands of students nationwide! As a part of the DEA Educational Foundation Youth Basketball Program, a free basketball clinic will be available for your child's participation, taught by a professional basketball coach from Tru Athletics as a fun, athletic form of exercise, and is a healthy, team-oriented alternative to drugs and violence. The DEAEF Youth Basketball Company is also thrilled to partner with Taos Alive in this endeavor.

The clinic will be offered Thursdays and Saturdays in June and July from 10am-11:30am at Taos Academy.

This is a special opportunity for kindergarten through 5th grade students only. Space is limited, so please sign and return the registration form by the end of the day on June 20th. **Students will be selected by a lottery format.** Students invited to attend the program will be informed on June 21st. The other students will be put on a wait list. We are very excited to include Taos in the DEAEF Youth Basketball Program.

Sincerely,

Jill L. Roberts  
President and CEO  
DEA Educational Foundation
